ST PETER'S SURGERY - GP EARNINGS

FINANCIAL YEAR ENDED 31 MARCH 2015

ALL GP PRACTICES ARE REQUIRED TO DECLARE THE MEAN EARNINGS (E.G. AVERAGE PAY) FOR GPs WORKING TO DELIVER NHS SERVICES TO PATIENTS AT EACH PRACTICE. THE AVERAGE PAY FOR GPs WORKING IN ST. PETER'S SURGERY IN THE LAST FINANCIAL YEAR WAS £65,420 BEFORE TAX AND NATIONAL INSURANCE.

THIS IS FOR THE FOLLOWING WHO WORKED IN THE PRACTICE FOR MORE THAN SIX MONTHS:

FULL TIME GP's	**2.00**
PART TIME GPs	**4.00**

Disclaimer: NHS England require that the net earnings of doctors engaged in the practice is publicised, and the required disclosure is shown above. However, it should be noted that the prescribed method for calculating the published GP earnings is potentially misleading, because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about individual GP earnings, nor to make any comparison with any other practice.
